

# INTRODUCTION

In an effort to continue the growth of soccer development in the Central Valley, the California Odyssey Soccer Club is excited to announce its expansion into the recreational level.

By implementing the recreational program and providing a curriculum, we have the opportunity to directly influence player development while creating a fun and positive experience that fosters enthusiasm for long term passion of the game.

# MISSION

To create an environment where players learn the basic technical fundamentals of soccer while providing an avenue for our youth to participate in an organized and supervised league that is following US Soccer Zone specific guidelines. The emphasis will be on development of soccer skills, focusing on having fun, displaying good sportsmanship, fair play, discipline, all while establishing a lifelong passion for the game of soccer.

# US CLUB SOCCER

## Who is US Club Soccer

- US Club Soccer is founded on the belief that soccer clubs, which are in the business of elite player development, need an organization of their own to foster growth, address concerns, and sanction and provide programs with a minimum of rules and restrictions.

## Club Development

- US Club Soccer feels the most important contribution to club development is to empower clubs to develop and run their programs as they see fit, without undue interference.
